

I claim:

1. (Previously amended, one time) A method of treating infectious diseases caused by drug-resistant strains of bacteria in a human or an animal host comprising:

Administration to the area of disease a suitable carrier containing an antibacterial agent obtainable from pepper, [or an equivalent] in a therapeutically effective concentration.

2. (Withdrawn) A method of treating superficial bacterial infections in a human or an animal host comprising:

Administration to the area of disease a suitable carrier containing an antibacterial agent obtainable from pepper, or an equivalent in a therapeutically effective concentration.

3. (Withdrawn) A method of treating internal bacterial infections in a human or an animal host comprising:

Administration to the area of disease a suitable carrier containing an antibacterial agent obtainable from pepper, or an equivalent in a therapeutically effective concentration.

4. (Previously amended, one time) A method of treating bacterial infections in a human or an animal host comprising:

Administration to the area of disease a suitable carrier containing an antibacterial phytoalexin obtainable from pepper, [or an equivalent] in a therapeutically effective concentration.

5. (Previously amended, one time) A method of treating cellulitis in a human or an animal host comprising:

Administration to the area of disease a suitable carrier containing an antibacterial agent obtainable from pepper, [or an equivalent] in a therapeutically effective concentration.

6. (Previously amended, one time) The method of claim 5, wherein the disease [includes] is necrotizing fasciitis (flesh eating disease).

7. (Previously amended, one time) A method of treating infectious diseases caused by *Staphylococcus* bacteria in a human or an animal host comprising:

8. **(Previously presented)** The method of claim 7, wherein the bacteria is *Staphylococcus aureus*.
9. **(Previously presented)** The method of claim 7, wherein the *Staphylococcus* bacteria is drug resistant.
10. **(Previously presented)** The method of claim 7, wherein the infectious disease is classified as a superficial infection.
11. **(Previously presented)** The method of claim 7, wherein the infectious disease is classified as internal or systemic infection.
12. **(Previously presented)** The method of claim 7, wherein the disease is cellulitis.
13. **(Previously presented)** The method of claim 7, wherein said administration is topical.
14. **(Previously presented)** The method of claim 7, wherein said administration is internal or systemic.
15. **(Previously presented)** The method of claim 7, wherein said solvent is alcohol.
16. **(Previously presented)** The method of claim 7, wherein said solvent is acetone.
17. **(Previously presented)** The method of claim 7, wherein said pepper is black pepper.
18. **(Previously presented)** The method of claim 7, wherein said pepper is capsicum pepper.
19. **(Previously presented)** The method of claim 7, wherein said pepper is red pepper.
20. **(Previously presented)** The method of claim 7, wherein said pepper is paprika.
21. **(Previously presented)** The method of claim 7, wherein said equivalent is ginger.

22. (Previously presented) The method of claim 7, wherein said equivalent is turmeric.
